

Issue 2 | Summer 2024

Keeping you updated

We want to provide you with an update at Hall park and what you can expect from us over the coming months.

Overview:

When completed this development will include:

- 333 new build properties with a mixed tenure of Open Market, Private Rental and Affordable
- Open Spaces with public footpaths and a play area (LAP)
- Great links to local transport hubs by tram.

Key Dates:

- Final plot handover forecast by mid-2026
- Roads and footways will be surfaced in stages as service connections to homes are completed
- Roads and sewers adoptions are forecast for Sept 2027
- Public Open Spaces anticipated to be open from Spring 2026.

Site Activity:

- 287 properties currently under construction
- 20 handovers to new customers, across all tenures, forecast for to take place in October
- Foundations to over 300 properties already completed
- Numerous crane lifts being undertaken over the next few weeks
- Adoptable foul and surface water drainage has been constructed and connected to public sewers, including Sustainable Urban Drainage designs (SUDs).

Meet The Team:

Your Project Manager: David Connolly

Here at Alveradus we are busy on site working hard to ensure we have the mains and service connections all connected by September 2024. We are due to hand over our first completed Homes by the end of October. The site team are working alongside our partners Gatehouse, EMH and MTVH to handover our homes to clients from November this year, just in time for Christmas!

Contact Details: david.connolly@vistry.co.uk

A message from your Sales Team

This Summer at Alvaredus you can save thousands with one of our incredible offers!

1. Deposit Contribution- offering a helping hand with your deposit!
2. Own New Rate Reducer* - Unlock lower mortgage rates*
3. 12 Month Mortgage Offer- Contribution towards your mortgage for a year!

Saving thousands could be as easy as 1, 2, 3!

This gives you the opportunity to tailor a package to suit your needs and reserve your dream home!

Your Customer Services Team:

We hope you are enjoying your new Countryside home and are settling into the development.

Our site team will work with you to close out any initial snags picked up during your move in and courtesy visit. Any new issues or concerns you may have with your new home should be raised with our Customer Service team at CustomerServices.NorthEastMidlands@Vistry.co.uk

For any emergency or urgent issues, please call us so we can prioritise these for you – 0116 464 8913.

As we now move into summer, take time to plan some garden care and maintenance, especially after the very wet spring we've had. Lawns love a bit of aerating and weed and feed this time of year!

Managing Agent:

- Verges and green areas are currently being maintained by Countryside. If there are any areas of the site which are not being regularly maintained, please contact your Project Manager.
- The Managing Agent, Greenbelt, will take over the maintenance in stages as open space areas are completed. Please refer to the Greenbelt Home Buyer Pack for further information.

Services:

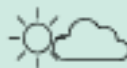

- All services on our development will soon be connected to the mains and live to homes.
- Gas and electricity are supplied by British Gas.
- Water is supplied by Severn Trent Water.
- Broadband infrastructure is provided by Openreach and Virgin Media, however other networks providers are available, please refer to Openreach website for further information.

10 Tips for Greener Gardening

Take away dead flower heads.

Install water butt to save on water costs.

Water early morning to avoid hot weather drying out the soil.

It's the perfect time to plant your autumn bulbs and vegetable.

Feed plants using slow-release organic fertiliser.

Apply generous layer of mulch around plants after watering to retain moisture.

Stake tall flowering plants for extra support.

Allow lawns to grow slightly longer as this prevents soil drying out.

Invest in self-watering pots and containers for easy management.

Avoid turning over soil to prevent soil drying out.

Please be aware that the dates and information provided are correct at time of print and are dependent on a number of factors, including weather, so are subject to change.

Thank you for your patience while the construction work is taking place. We try to keep disruption to a minimum but we appreciate it can be noisy and dirty at times so do contact us if you have any questions, or if you'd like to provide any feedback:
