BEAUTIFULLY DESIGNED HOMES

Countryside are proud to introduce Bella Wood View, a stunning development of 2, 3 and 4 bedroom homes.

Nestled in the village of Goldthorpe and boasting an impressive collection of 116 beautiful new homes with high-quality finish, there has never been a better time to put down roots and become part of this growing community.

Goldthorpe is steeped in history and offers stunning countryside views. Less than a mile from the development, the highly popular Hickleton Park can be found.

With all of this as well as being within easy reach of neighbouring Barnsley and Doncaster, and only a short drive from vibrant cities such as Leeds and Sheffield, Bella Wood View really does have something for everyone.

LOCAL AREA...

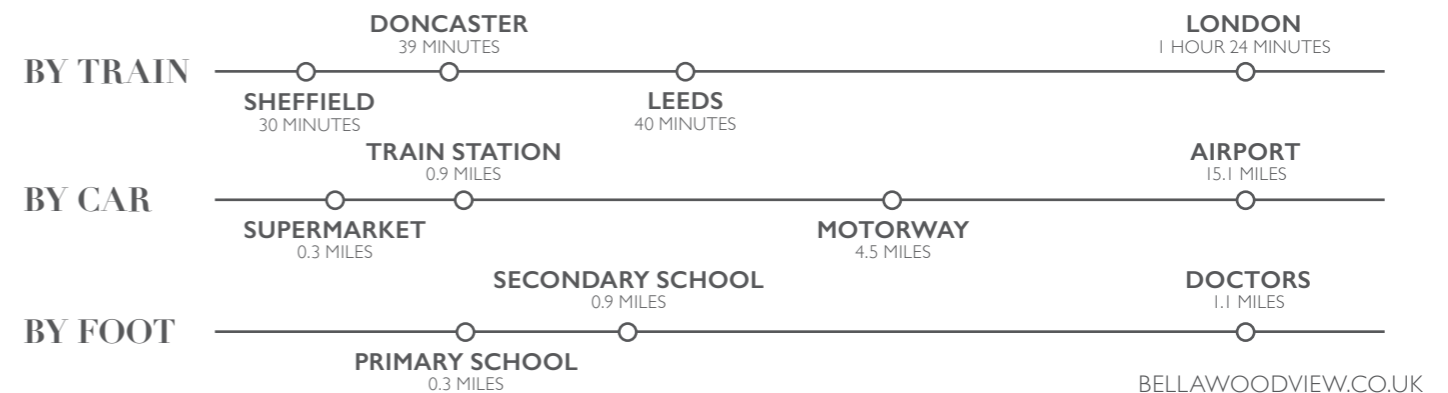

Located in the village of Goldthorpe, the development is perfect for families as it offers a wealth of both local primary and secondary schools, as well as a multitude of opportunities for recreational activity and local amenities.

Commuting for work and leisure is easy, with the motorway only a 10-minute drive away. The neighbouring town of Barnsley can be found just 7 miles west of Goldthorpe, and its recent £120m regeneration project has seen an influx of visitors to experience the new independent businesses and

retail outlets. Doncaster, with its stately homes and well-loved Dome leisure centre, is another option for a wholesome day trip.

For great nights out, nearby Sheffield is within easy reach as you can get there from Goldthorpe Train Station in just 30 minutes or Leeds in 40 minutes. Both boast a vast selection of well-known restaurants, bars and clubs. You are also well connected to other national destinations which can be conveniently reached via routes from the local station.

WHY BUY NEW?

Building a better future and caring for the environment, Countryside creates quality, eco-friendly and sustainable homes in the best locations.

Our outstanding range of new homes are designed for modern living, offering lower environmental impact, running costs and maintenance. These provide compelling reasons to choose a new home from Countryside. In recognition of this, we have received more than 100 awards for sustainability since 2000.

A new home from Countryside is on average 6.5 times more energy efficient than one built just 30 years ago.

Our developments contribute to a higher quality of life by protecting the environment, promoting social cohesion and strengthening the local economy.

We achieve this through building attractive residential areas with their own architectural character and identity, green open spaces and convenient transport links to essential local amenities such as schools and shops.

In addition, our new homes are well designed, comfortable, safe, adaptable and wherever possible they are constructed from materials that have a reduced impact on the environment.

CUSTOMER STORIES

Simon & Caroline

"Countryside's Foss home worked for us with it being open-plan with Velux windows. It just felt right for a family. Having access to the garden from all the spaces downstairs is what we've always wanted."

Jonathan & Wendy

"Countryside's Ellesmere home was absolutely the right choice. Skylight windows, nicely spaced plots and a good sized garden with fencing thrown in – a much more desirable package than what the competition were offering."

Elaine and Andy

"We were stuck in a rent trap for over 20 years and wanted a space we could finally call our own. We had looked at other developers but kept coming back to Countryside because of their reputation and the quality of their homes. We fell in love with the open plan layout of the house, it's perfect for us and for our lifestyle."
